

Burdick Eclipse™ 850 ECG

High-performance in a compact package

- Has all the functionality of a hospital-grade ECG
- Easy-to-read, backlit screen
- Automatic, manual or 12-lead rhythm operation
- Powerful optional 5-criteria algorithm
- AccuPrint™ ensures clear printout, eliminates retakes

1073-92300-1AL09 Eclipse 850 ECG, non-interpretive
1073-92300-1AK09 Eclipse 850 ECG, interpretive

Burdick Eclipse™ Premier ECG

High performance with wireless communications

- Simultaneous 12-lead acquisition
- 12-lead preview on color active matrix display
- Stores up to 100 ECGs
- Real time data sharing with wireless Ethernet, optional
- Barcode scanner assures accurate patient ID, optional

1073-E10-1AE17 Eclipse Premier, English, 120V, AHA cable, disposable electrodes and clips
1073-E10-1AG17 Eclipse Premier, English, 120V, AHA cable, disposable electrodes and clips, with communications

Burdick Universal ECG™

PC-based ECG diagnostics complements transition to Electronic Medical Records (EMRs)

- Portable and easy to use. Universal ECG™ can be interfaced with most EMRs.
- Patient data is instantly and accurately obtained, viewing up to 12 channels.

Burdick Atria™ 3000 ECG

Compact, simple to use

- 3, 4 or 6-channel, 12-lead ECG tracings
- Advanced functionality
- Easy-to-use keyboard, menu driven interface
- Optional interpretation and communications capabilities

1073-A30-1DKL01 Atria 3000, non-interpretive
1073-A30-1DIL01 Atria 3000, interpretive

Burdick Atria™ 3000 ECG with Advanced Communications

Familiarity of traditional ECG + efficiency of PC

- Transmit test results directly to EMRs
- FAA compliant modem communications
- Ethernet, RS232 and USB
- Optional 802.11b wireless and Bluetooth
- Call your representative for more information
- Unlimited data analysis is available including the ability to reanalyze data if system parameters are modified.
- Enjoy the flexibility to customize reports and network multiple locations to optimize the benefits of a standard ECG management system across your practice.
- Five minutes of full disclosure with end user review and analysis.

1073-92309-01 Universal ECG™, English, AHA, without interpretation
1073-92309-02 Universal ECG™, English, AHA, with interpretation

Burdick CardioVault™ ECG Management Software

Simple PC archival and printout for your Eclipse™ Plus or 850 ECG.

- Combines a powerful, true medical device with the convenience of a PC
- Proven Windows® and Acrobat® technology maximizes ease of use
- Diagnostic quality viewing and printing
- Paperless system reduces cost

1073-92602-1A CardioVault™ for ECG
 1073-926021AM CardioVault™ for ECG w/modem

Burdick Single Channel ECGs Elite II and EK-10

Simple operation, accurate analysis

- One-button operation saves time
- Single channel, 12-lead format
- Lightweight, portable
- Optional interpretation
- Optional fax with internal modem

1073-101070 EK-10 ECG, Eng., AHA (120V)
 1073-101142 Elite II ECG, Eng., AHA (110V)

Welch Allyn CP 100™

A reliable, easy-to-use, and cost-effective ECG device designed for almost any office setting.

- Full alphanumeric keyboard and LCD display for fast and easy entry of patient information
- Advanced filters for optimal ECG trace quality ensures accurate readings
- Customizable report formats allow you to print information the way you need
- Battery operation lets you take the device to the patient
- Connectivity to many leading EMRs through the Welch Allyn CardioPerfect™ Workstation Software
- A noninterpretive 12-lead resting ECG that provides accurate measurements
- Optional MEANS ECG interpretation software helps you interpret results
- High-resolution thermal printer generates standard full-sized reports and multiple printouts in the channel configuration you need
- Lead quality graphic saves valuable time and ensures accurate data capture by highlighting poor connections

6783-CP1-1E1 Welch Allyn CP 100™ Noninterpretive
 6783-CP1A-1E1 Welch Allyn CP 100™ Interpretive

Welch Allyn CP 200™ with Optional Spirometry

An easy-to-use, full-featured device with advanced options to help streamline workflow in your office. Same features as the CP 100 plus:

- Large color LCD screen allows you to preview critical information on screen easily as well as review tests before printing
- Save time by using dedicated function or "hot keys" to perform the most common functions without scrolling through menus
- Store up to 50 ECGs and 50 spirometry tests for later review and editing of patient data and interpretation
- Connect directly to the Welch Allyn CardioPerfect™ Workstation Software easily through hardwire cable interface
- Optional Spirometry testing and optional MEANS interpretation software

6783-CP2-1E1 Welch Allyn CP 200™ Noninterpretive
 6783-CP2A-1E1 Welch Allyn CP 200™ Interpretive
 6783-CP2S-1E1 Welch Allyn CP 200™ Noninterpretive with spirometry
 6783-CP2AS-1E1 Welch Allyn CP 200™ Interpretive with spirometry
